

## KUWAIT SCIENTIFIC CENTER AQUARIUM - SALMIYA, KUWAIT

### KUWAIT AQUARIUM

The Scientific Center, at the time of its completion, is the largest aquarium to be built in the Middle East and serves as a center of excellence for environmental education in the Arabian Gulf region. The Center integrates the aquarium, a 250 seat IMAX film theater, a restaurant, gift shop, and the 2000 square meter Dhow Harbor which displays seven historic dhows.

CLOWARD H<sub>2</sub>O prepared design and construction documents for the indoor aquarium facility for both freshwater and salt-water fishes of the Red Sea and Arabian Gulf regions. Responsibilities included design of all tanks, pools and aquatic life support systems for the entire aquarium facility.
